

Laboratory Services

Scope

TEX Onsite has a comprehensive high end laboratory at our Melbourne facility. The scope of services available through the static lab includes:

- NATA accredited laboratory (Accreditation No. 15281)
- Testing and calibration as per the scope of TEX Onsite's mobile services
- Calibration of high accuracy instrument calibrators
- Electronic repair of all electrical measurement equipment
- Procurement of replacement equipment which cannot be economically repaired

Advantage

We provide a one stop shop for the calibration, repair and replacement of your instruments. Our dedicated laboratory will:

- Prevent expensive down time by scheduling calibration work rather than it waiting in a queue
- Ensure you are notified of costing before any repair work
- Manage your maintenance and calibration scheduling
- Work seamlessly with our on-site testing and calibration services to ensure you are looked after 100% of the time

Contact us to take the compliance hassle out of your business!
